

# *The DeMaio Guarantee*

## ***Price Guaranteed***

*DeMaio Contractors Alliance LLC offers Fixed Price contract pricing. We take a very detail oriented approach to the estimating process. Our passion is remodeling, and it is this specific experience that gives us the proficiency and insight to know what to look for. Many surprises can be avoided with a little extra effort up front. DeMaio's design / build process works to organize the design and selections so that decisions are made ahead of Construction Contract signing. The more decisions that are made up front (and less changes during the Construction Phase) helps to keep the price from having to vary. The old adage of "twice as much" can certainly be avoided with the planning process we utilize. **Your price does not change unless you change it\****

## ***Remarkable Experience Guaranteed***

*Satisfied clients continue to provide feedback that states DeMaio stands out above the crowd. Clients applaud our communication, professionalism, expertise, workmanship and commitment to providing an unsurpassed remodeling experience. DeMaio also stands behind its work with a 3-year Workmanship & 7-year Structural Warranty. Simply the best Delaware has to offer, and well above the industry standard. Each client brings a unique set of expectations and requirements to the remodeling process. At DeMaio we are committed to understanding your needs in order to make the experience truly remarkable.*
